Overview and History

The Positive Place Club 1 Success Academy of the Boys & Girls Clubs of Lanier (BGCL) operates in Gainesville, Georgia at the New Holland Knowledge Academy. The Boys & Girls Clubs of Lanier is a Subgrantee of the Nita M. Lowey 21st Century Community Learning Centers grant, and is a member of the FY21 cohort. The program serves K-5 students of the Gainesville City Schools System through both a summer and after-school program of extended academic instruction and original activities designed to enhance and enrich participation and learning. Program goals and objectives focus on student achievement improvement in the areas of English language arts and mathematics, STEAM activities, various enrichments, and family engagement. Throughout the course of the program year, academic and enrichment instruction were delivered, by certified and/or trained personnel, which complemented the traditional school activities and allowed for both academic and personal growth. Reading and mathematics instruction occurs through creative implementation of instruction by Georgia certified teachers supplemented with the instructional support of various other qualified school personnel. The parent program was composed of a variety of opportunities including mental health awareness issues, literacy-based curriculum nights, and a variety of milestone celebrations.

The program targets a population that includes a large minority base. Many of the members also come from households that are considered to be economically disadvantaged. The program is a partnership between Gainesville City Schools and two elementary schools, including New Holland Knowledge Academy and Enota Multiple Intelligences Academy. The program is supported by Georgia certified teachers, BGCL Youth Development Professionals (YDPs), and community volunteers.

Student Attendance and Enrollment

The Positive Place Club 1 Success Academy of the Boys and Girls Clubs of Lanier 21st Century Community Learning Center Program registered 106 students during the 2021-2022 academic program year. Of those 106 students, 79 were considered regular attendees as a result of attending 30 or more days. The average daily attendance on site was 67 students per day. The average daily attendance of all students enrolled was 63%. The average daily attendance of regular attendees was 85%. Student attendance and enrollment data are summarized in Table A.

Table A. Student Attendance and Enrollment

Participant Attendance and Enrollment*				
# of Students Enrolled	# of Regular Attendees	Average Daily Attendance	Daily Attendance % of Students Enrolled	Daily Attendance % of Regular Attendees
106	79	67	63	85

*Data collected from Cayen (Attendance-Totals/Attendance Summary/Youth Only/All Students)

Table B describes the demographics of the regularly attending students. These students were composed of 50 males, 56 females, 63 Black students, 25 Hispanic students, 4 English language learners, and 7 students with special education needs.

Table B. Regularly Attending Student Demographics

Program Operation

The Positive Place Club 1 Success Academy began the after-school program year on August 11, 2021 and operated through May 20, 2022. The typical after-school program day began at 2:30 p.m. and ended at 5:30 p.m. Mondays through Fridays each week. The program was composed of an after school nutritional snack time, homework assistance, mathematics and reading extended learning, and various enrichment activities. The Positive Place Club 1 Success Academy included the parent/guardian component that provided for parent literacy/education activities and family involvement/enrichment activities throughout the year. Table C describes the service time for the 2021-2022 academic program year.

Quality of Staffing

The Positive Place Club 1 Success Academy employed 21 staff members that included 12 school-day teachers, 3 center administrators, and 6 youth development professionals over the course of the program year. Of the staff members noted above, many content instructional personnel were certified by the Georgia Professional Standards Commission. The student to staff (school-day teachers plus youth development professionals) ratio among regularly attending students was typically 10:1 for academic programs and 15:1 for enrichment activities, satisfying the guideline requirements.

The Positive Place Club 1 Success Academy of BGCL leadership team included SheTeriha Lewis-Hartley, Program Director, Sara Escamilla, Site Director, Justin Williams, Data Specialist, and Hadley Duncan, Lead Teacher. Hadley Duncan is a Gainesville City Schools Academic Coach, who is certified through the Professional Standards Commission (PSC). Leadership supported staff performance through the identification of instructional needs, defining targeted interventions, and implementing appropriate professional learning opportunities. Many professional learning opportunities were offered throughout the school year. The Positive Place Club 1 Success Academy at BGCL staff participated in regular weekly meetings to discuss issues, concerns, plans, procedures, policies, and professional development needs as they arose. Additionally, contracted tutors/enrichment providers met monthly for the same purpose. Table D describes professional learning provided for all staff.

Objective Assessment

Objective assessment occurred through a variety of analyses as defined by the 21st Century grant application and amendments for the duration of the 5-year program. A summary Table E, provides a quick review of annual progress on the defined objectives of the program with a descriptive analysis following.

Objective Assessment Summary Table

Table E. Regularly Attending Students – Objective Assessment

Objective Assessment	
Objective	Status
Objective 1.1: 60% of students participating in the program will improve their reading performance, as indicated by appropriate universal screeners.	Not Met
Objective 1.2: 60% of students participating in the program will improve their mathematics performance, as indicated by appropriate universal screeners.	Met
Objective 1.3: 65% of participants will demonstrate improvement in homework completion, as indicated by teacher surveys.	Not Assessed
Objective 2.1: 65% of students participating in the program will demonstrate improvement in classroom behavior, as indicated by teacher surveys.	Not Assessed
Objective 2.2: 65% of students participating in the program will demonstrate improvement in class attendance and participation, as indicated by teacher surveys.	Not Assessed
Objective 3.1: 50% of the parents/guardians will participate in two or more family literacy and education activities.	Not Met
Objective 3.2: 50% of the parents/guardians will demonstrate increased involvement and communication with the child's teacher and/or school staff by the end of the school year.	Not Met

Objective 1.1: **Not Met**

60% of students participating in the program will improve their reading performance, as indicated by appropriate universal screeners.

The data provided shows that 59% of students improved their reading performance.

Objective 1.2: **Met**

60% of students participating in the program will improve their mathematics performance, as indicated by appropriate universal screeners.

The data provided show that 66% of students improved their math performance.

Objective 1.3: Not Assessed

65% of participants will demonstrate improvement in homework completion, as indicated by teacher surveys.

Teacher Surveys were not administered at the end of the program year, which did not allow the objective to be assessed.

Objective 2.1: Not Assessed

65% of students participating in the program will demonstrate improvement in classroom behavior, as indicated by teacher surveys.

Teacher Surveys were not administered at the end of the program year, which did not allow the objective to be assessed.

Objective 2.2: Not Assessed

65% of students participating in the program will demonstrate improvement in class attendance and participation, as indicated by teacher surveys.

Teacher Surveys were not administered at the end of the program year, which did not allow the objective to be assessed.

Objective 3.1: Not Met

50% of the parents/guardians will participate in two or more family literacy and education activities.

Only 45% of parents participated in family literacy and education activities.

Objective 3.2: Not Met

50% of the parents/guardians will demonstrate increased involvement and communication with the child's teacher and/or school staff by the end of the school year.

Only 39% of parents demonstrated increased involvement, through attendance and activity participation.

Other Observations

The Positive Place Club 1 Success Academy at BGCL 21st Century includes a schedule of tutoring and enrichment activities that support student enthusiasm and participation. The program offered opportunities for participants to receive additional instruction in the areas of reading and mathematics, experience various arts activities, and develop friendships and relationships in a welcoming and nurturing environment. Parents were offered opportunities to participate in activities, which were designed to support their child's learning at home, parenting, technology use, etc.

The BGCL Youth Development Professionals (YDPs) are all dedicated, professional young people. They work diligently to assist participating children as they complete homework, listen to stories, dance, complete art projects, work on math and/or reading skills in classroom instructional settings, and experience technology. The YDP staff is composed of young women and men, trained college students and community members, who make each member's experience safer and more fulfilling. The instructional staff works to remediate as well as enrich the reading and mathematics competency of the participants after teaching during the regular school day. The administrative staff works successfully with YDPs, certified staff, volunteers, and parents to monitor and maintain the program. They work with the community and volunteers to enrich the program and creatively implement strategies designed to boost the experience of the participating students and their families.

Progress Toward Sustainability

The BGCL 21st CCLC program did not note partnerships with various entities during year two of this grant cycle, although the most notable being a continued partnership with Gainesville City Schools System. This partnership provides for program space, as well as transportation and meal services. When funding is no longer available, the Boys and Girls Clubs of Lanier will continue to collaborate with local organizations, as well as, pursue new grants and local funding to maintain the program. The advisory team will seek support from community faith-based organizations to provide volunteers and monetary support. Project design builds the capacity of the Boys and Girls Clubs of Lanier to continue the project at reduced cost in later years as technology equipment, software, manipulatives, remediation workbooks, and other resources are in place while staff development is spread across most of the teaching staff. However, without

the opportunity of the Nita M. Lowey 21st CCLC grant, the program would be minimized in its service to students and the community.

Overall Recommendations

The 2021-2022 implementation of the BGCL Positive Place Club 1 Success Academy program has been beneficial to many students and parents. Program staff worked diligently to support student success. With new site leadership in place, the program is poised for significant growth and improvement in year 3 of the grant cycle.

In order to successfully continue with future programs, the following recommendations should be considered:

- Monitor classroom implementation with rubric-based instruments and provide quarterly feedback for more focused and data-based recommendations.
- Provide participating students with more variety in enrichment opportunities.
- Offer additional, more frequent opportunities for literacy-based parent engagement.
- Seek out innovative opportunities for partnership with various community agencies in order to provide additional program services for Club youth and their families.
- Identify a school liaison to be responsible for securing and providing school based data, which will guide and inform the academic enrichment programs, in a timely manner.

Respectfully submitted,
Michael Bush
