Overview and History

The Positive Place Success Academy 1 (New Holland) of the Boys and Girls Clubs of Lanier (BGCL) 21st Century program is held in Gainesville, Georgia at the New Holland Elementary School campus. The current program began through a Georgia Department of Education grant awarded in 2020. It targets K-5 students through an after-school program of extended academic instruction and original activities designed to enhance and enrich participation and learning. Program goals and objectives focus on student achievement improvement in the areas of English language arts and mathematics, STEM activities, enrichment, and family involvement. Certified and/or trained personnel that complemented the traditional school activities and allowed for academic and personal growth delivered academic and enrichment instruction. Reading and mathematics instruction occurs through the creative implementation of instruction by Georgia-certified teachers supplemented with the instructional support of resources such as technology-based software. Enrichment activities during the program included Art, Cosmetology, Culinary Arts, STEAM, Sports Leagues, and hosting holiday celebrations at the club.

The program targets a predominately-Hispanic and African American population with a large percentage of English language learners. Sara Gonzalez serves as the program coordinator, Aisha Stringer is the site coordinator, LaJuana Brown is the lead teacher, and Measha Harrison is the data specialist. The program is also supported by K-5 grade level Georgia certified teachers, BGCL Youth Development Professionals (YDPs), and community volunteers.

Student Attendance and Enrollment

The Positive Place 1 (New Holland) Success Academy of the Boys and Girls Clubs of Lanier 21st Century Community Learning Center Program registered 109 students during 2024-2025. Of those 109 students, 104 were considered regular attendees because of attending 30 or more days. The average daily attendance on site was 79 students per day. The average daily attendance of all students enrolled was 72%. The average daily attendance of regular attendees was 76%. Student attendance and enrollment data are summarized in Table A.

Table A. Student Attendance and Enrollment

Participant Attendance and Enrollment*				
# of Students Enrolled	# of Regular Attendees	Average Daily Attendance	Daily Attendance % of Students Enrolled	Daily Attendance % of Regular Attendees
109	104	79	72	76

*Data collected from TransACT reports

Table B describes the demographics of the registered students attending at least one day. These students were composed of 59 males, 50 females, 53 Black students, 36 Hispanic students, 12 White students, 8 Other students, 8 English language learners, 7 students with disabilities, and 106 economically disadvantaged students.

Table B. Student Demographics (attending at least one day)

Participant Demographics					
Gender		Ethnicity	EL	SWD	Econ Disadv
Male	Female	Black/Hispanic/White/Other			
59	50	53/36/12/0	8	7	106

Program Operation

The Positive Place 1 (New Holland) Success Academy began the after-school program August 5, 2024 and ended it for the 2024-2025 school year on May 21, 2025. The after-school program began at 2:30 p.m. and ended at 5:30 p.m. Monday through Friday each week. The program was composed of an after-school nutritional snack time, homework assistance, mathematics and reading extended learning, and enrichment activities including Art, Cosmetology, Culinary Arts, STEAM, Sports Leagues, and hosting holiday celebrations at the club. The 21st Century Program included the parent/guardian component that provided for parent literacy/education activities and family involvement/enrichment activities (70 participants, 77 households). Table C describes the service time for the 2024-2025 program.

Quality of Staffing

The Positive Place 1 (New Holland) Success Academy employed a total of 19 staff members that included 10 school-day teachers, 3 center administrators, and 6 youth development professionals. Of the staff members, the Georgia Professional Standards Commission certified all content instructional personnel. The student to staff (school-day teachers plus youth development professionals) ratio among regularly attending students was 5.42:1, satisfying the guideline requirements.

The Positive Place 1 (New Holland) Success Academy of BGCL 21st CCLC leadership staff includes Sara Gonzalez, Program Director; Aisha Stringer, Site Coordinator; Measha Harrison, Data Specialist; and LaJuana Brown, Lead Teacher. LaJuana Brown is a Georgia teacher certified through the Professional Standards Commission (PSC). Leadership supported staff performance through the identification of instructional needs, defining targeted interventions, and implementing appropriate professional learning opportunities. Many professional learning opportunities were offered throughout the school year. The Positive Place Success Academy at BGCL staff participated in regular weekly meetings to discuss issues, concerns, plans, procedures, policies, and professional development needs as they arose. Additionally, contracted tutors/enrichment providers met monthly for the same purpose. Table D describes professional learning provided for all staff.

Objective Assessment

Objective assessment occurred through a variety of analyses as defined by the 21st Century grant application and amendments throughout the three-year program. For the 2024-2025 school year, the objectives were organized around 3 program goals:

Goal 1: PP1-New Holland Success Academy students will improve their Academic Performances and Achievements.

Goal 2: PP1-New Holland Success Academy students will improve classroom behavioral performance.

Goal 3: PP1-New Holland Success Academy parents/guardians will participate in literacy improvement services and increase involvement/participation in students' educational process.

A summary table, E, provides a quick review of annual progress on the program's defined goals and associated objectives with a descriptive analysis following.

Objective Assessment Summary Table

Table E. Regularly Attending Students – Objective Assessment

Objective Assessment	
Objective	Status
Goal 1, Objective 1: 60% of regularly participating students (attending the program 30 days or more) will improve their ELA/reading grade by the end of the school term.	Met
Goal 1, Objective 2: 60% of regularly participating students (attending the program 30 days or more) will improve their mathematics grades by the end of the school term.	Met
Goal 1, Objective 3: 65% of regularly participating students (attending the program 30 days or more) will demonstrate improvement in homework completion.	Met
Goal 2, Objective 1: 65% of regularly participating students (attending the program 30 days or more) will demonstrate improvement in behavior by the end of the school term.	Met
Goal 2, Objective 2: 65% of regularly participating students (attending the program 30 days or more) will demonstrate improvement in class attendance and participation by the end of the school term.	Met
Goal 3, Objective 1: 50% of the parents / guardians will participate in at least two-family literacy/education activities by the end of the school year.	Not Met
Goal 3, Objective 2: 50% of the parents / guardians will demonstrate increased involvement and communication with their child's teacher and/or school staff by the end of the school year.	Met

Goal 1, Objective 1: **Met**

60% of regularly participating students (attending the program 30 days or more) will improve their ELA/reading grade by the end of the school term.

75% (+15% of goal) of students demonstrated improvement in language arts performance.

Goal 1, Objective 2: **Met**

60% of regularly participating students (attending the program 30 days or more) will improve their mathematics grades by the end of the school term.

64% (+4% of goal) of students improved their mathematics performance.

Goal 1, Objective 3: **Met**

65% of regularly participating students (attending the program 30 days or more) will demonstrate improvement in homework completion.

84% (+19% of goal) of students demonstrated improvement in homework completion.

Goal 2, Objective 1: **Met**

65% of regularly participating students (attending the program 30 days or more) will demonstrate improvement in behavior by the end of the school term.

97% (+32% of goal) of students demonstrated improvement in behavior.

Goal 2, Objective 2: **Met**

65% of regularly participating students (attending the program 30 days or more) will demonstrate improvement in class attendance and participation by the end of the school term.

98% (+33% of goal) of students demonstrated improvement in class attendance and participation.

Goal 3, Objective 1: **Not Met**

50% of the parents / guardians will participate in at least two-family literacy/education activities by the end of the school year.

34% (-16% of goal) of parents/guardians participated in 2 or more family literacy/education activities.

Goal 3, Objective 2: **Met**

50% of the parents / guardians will demonstrate increased involvement and communication with their child's teacher and/or school staff by the end of the school year.

57% (+7% of goal) of parent/guardians demonstrated involvement and communication with their child's teacher and/or school staff by the end of the school year.

Other Observations

The Positive Place 1 (New Holland) Success Academy at BGCL 21st Century includes a schedule of tutoring and enrichment activities that support student enthusiasm and participation. The program offered opportunities for participants to receive additional instruction in the areas of reading and mathematics; experiences in Art, Cosmetology, Culinary Arts, STEAM, Sports Leagues, and hosting holiday celebrations at the club; and develop friendships and relationships in a welcoming and nurturing environment. Parents were offered a multitude of opportunities to participate, as well. Parents were greatly supported in English language acquisition, how to support their child's learning at home, parenting, technology use, etc.

The BGCL Youth Development Professionals (YDPs) are all dedicated, professional young people. They work diligently to assist participating children as they complete homework, listen to stories, dance, complete art projects, work on math and/or reading skills in classroom instructional settings, and experience technology. The YDP staff is composed of young women and men who make the child's experience safer and more fulfilling. The instructional staff works to remediate as well as enrich the reading and mathematics competency of the participants after teaching during the regular school day. The administrative staff works successfully with YDPs, certified staff, volunteers, and parents to monitor and maintain the program. They work with the community and volunteers to enrich the program and creatively implement strategies designed to boost the experience of the participating students and their families.

Progress Toward Sustainability

The BCGL 21st CCLC program continues to work on establishing community partnerships that will produce contributions to the program. When funding is no longer available, the Boys and Girls Clubs of Lanier will continue to partner with local organizations, as well as, pursue

new grants and local funding to maintain the program. The advisory team will seek support from community faith-based organizations to provide volunteers and monetary support. Project design builds the capacity of the Boys and Girls Clubs of Lanier to continue the project at reduced cost in later years as technology equipment, software, manipulatives, remediation workbooks, and other resources are in place while staff development is spread across most of the teaching staff. However, without the opportunity of the 21st CCLC grant, the program would be minimized in its service to students and the community.

Overall Recommendations

The 2024 -2025 implementation of the BGCL 21st CCLC program has been beneficial to many students and parents. Program staff worked diligently to ensure student success. Progress has been made by meeting the grant requirements (participation, hours per week and weeks per year, quality staff, and student-staff ratio). During the monthly visits and in conversation with students the External Evaluator was able to hear students comment on the benefits of their participation in the Positive Place 1 (New Holland) 21st Century Community Learning Center. Students offered statements such as, “I get to see my friends and the teachers help us learn more.” And, “We get to learn to braid hair and do fun things and get my homework done.” Throughout the site observations during the 2024-2025 school year, students appeared to be excited and engaged in the various activities and programs during the monthly visits to the New Holland site.

In order to successfully continue with future programs, the following recommendations should be considered.

- Staff may benefit from using an internal evaluation process of your objectives/outcomes that allows staff to self-monitor progress throughout the year and focus on your site objectives. Tools such as the Afterschool Youth Outcomes Inventory or similar tools could be used to accomplish this.
- When possible differentiate student activities for remediation or acceleration based on any available supporting student performance data.
- Develop a process that ensures YDP’s and tutors have access to lesson plans/activity plans and materials for each day so that students are able to begin work as soon as they enter the classroom space.

The evaluator thanks Ms. Sara Gonzalez, program director, and her staff for allowing unfettered access to the BGCL sites and program activities allowing for a comprehensive view of the program for the evaluation process.

Respectfully submitted,

Jason D. Kaup, PhD

External Evaluator
