## **Overview and History**

The Positive Place Club 2 Success Academy is a program facilitated by the Boys & Girls Clubs of Lanier (BGCL), a Nita M. Lowey 21<sup>st</sup> Century Community Learning Centers subgrantee. The program is operating in its first year of the current FY20 grant cycle. The Positive Place Club 2 Success Academy program operates as a collaborative partnership between the Boys & Girls Clubs of Lanier and the Gainesville City Schools System. This program serves members in grades K-5, from six targeted schools in the district: Gainesville Exploration Academy, Mundy Mill Academy, Centennial Arts Academy, Enota Multiple Intelligences Academy, New Holland Knowledge Academy, and Fair Street International Academy. The Positive Place Club 2 Success Academy aims to provide students, referred to as Club members, with opportunities for engaging and supportive academic instruction beyond the school day, as well as incorporates Boys & Girls Clubs of America targeted programs designed to enhance and enrich classroom learning, participation, and demonstration of positive behavior. Specifically, program goals and objectives focus on student's academic achievement, classroom behavior, and parent involvement in the educational process.

Program leadership includes the Program Director, Ms. SheTeriha Lewis, who has led the program over the past three years. Mrs. Elizabeth Johnston-Smith is a newcomer to the 21<sup>st</sup> CCLC program and serves the program as Curriculum Specialist. Elizabeth is a Boys & Girls Club veteran who has worked in various Club settings, including military installations. Mr. Mario Mason is a veteran Club Director, who has worked in various roles at the Boys & Girls Clubs over the past years. Mrs. Havilyn Towns, an Academic Coach in Gainesville City Schools District, returned to the program as Lead Teacher. Qualified personnel, including certified tutors, other school day personnel, and youth development professionals, plan and prepare daily activities to complement traditional school-day activities and allow for both educational and personal growth delivered through regular academic and enrichment instruction.

**Student Attendance and Enrollment**

During the 2019-2020 academic year, the Positive Place Club 2 Success Academy of the Boys & Girls Clubs of Lanier registered 152 students from Positive Place Club 2 International Academy. Of those students, 128 attended the program at least 30 days or more, reaching regular attendee status. On an average day, 95 students attended the program, which exceeds the grant’s average daily attendance goal of 85 students.

*Student attendance and enrollment data is summarized in Table A.*

**Table A. Student Attendance and Enrollment**

<b>Participant Attendance and Enrollment*</b>				
<b># of Students Enrolled</b>	<b># of Regular Attendees</b>	<b>Average Daily Attendance</b>	<b>Daily Attendance % of Students Enrolled</b>	<b>Daily Attendance % of Regular Attendees</b>
152	128	95	63%	74%

*\*Data collected from Cayen (Attendance-Totals/Attendance Summary/Youth Only/All Students)*

Table B describes the demographics of the regularly attending students (128). Of this population, 57 were males, 71 were females; 93 were Black/Hispanic students; eight student identified as an English language learner; three students received special accommodation services.

<b>Gender</b>		<b>Ethnicity</b>	<b>EL</b>	<b>SWD</b>
<b>Male</b>	<b>Female</b>	<b>Black/Hispanic</b>		
57	71	93	8	3

**Program Operation**

The Positive Place Club 2 Success Academy began afterschool program operation with the school year, on August 7, 2019. Afterschool program hours were 2:30p - 5:30p, Monday through Friday. A typical program day begins with a daily afterschool nutritional snack and character education. Members then transition into daily healthy lifestyles activities, followed by academic instruction and targeted programs on alternating days. Members work with qualified personnel

for 4.5 hours of English/language art and math tutoring 3 days/week, and have dedicated time for homework support. Other rotation activities include technology time, DIY STEM, targeted character and citizenship programs, and enrichment instruction. Members of the Positive Place Club 2 program participated in enrichment activities including visual arts, yoga, keyboarding, and culinary arts. Unfortunately, the program closed abruptly due to the COVID-19 pandemic in mid-March 2020. Like many programs, the Boys & Girls Clubs of Lanier worked under the guidance of the Nita M. Lowey 21<sup>st</sup> Century Community Learning Centers and Georgia Department of Education following the abrupt closing of state schools. The Boys & Girls Clubs of Lanier programs began to implement weekly Club from Home virtual and take-home activities. The Curriculum Specialist, Club Director, Parent Coordinator, and others worked to maintain communication with Club parents and members through regular messaging through emails, Remind app, phone calls, and dedicated webpage creation. Youth Development Professionals created short video content highlighting Club programming, creating a Club from Home video library, which was shared with Club families. Program participants also received healthy snacks through a weekly drive through distribution at a nearby Club location. In April 2020, Club tutors began to provide academic instruction and support, during normal Club hours, from 3p-5:30p, Monday through Friday. Club parents were able to submit electronic consent for distance learning and distance mentoring. In May 2020, the program transitioned to a virtual afterschool program day, in which members were able to participate in daily physical fitness activities, academic instruction, and rotating character and citizenship Club programs. Additionally, the Positive Place Club 2 Success Academy program included the parent/guardian component that provided for parent literacy/education activities and family involvement/enrichment activities, both to support student success in school.

*Table C describes the service time for the 2019-2020 program.*

<b>Days Per Week</b>	<b>Total Weeks</b>		<b>Total Days</b>	<b>Hours Per Day</b>	<b>Hours per Week</b>	<b>Total Hours</b>
	<b>Onsite</b>	<b>Virtual</b>				
5	28	4	160	3	15	480

## Quality of Staffing

Over the course of the academic year, the Positive Place Club 2 Success Academy employed various part-time staff positions, including program tutors, contractors, and youth development professionals. Administrative oversight is provided by the Program Director, program planning and assessment provided by the Curriculum Specialist, and site management is facilitated by the Club Director. The student to staff (school-day teachers and youth development professionals) ratio among regularly attending students was 15:1, and 10:1 for academic programs, satisfying the guideline requirements. Havilyn Towns leads academic programs for the Positive Place Club 2 program. Mrs. Towns is an Academic Coach in the Gainesville City Schools System. She is a Georgia teacher certified through the Professional Standards Commission (PSC). Mrs. Towns reviews weekly lesson plans, and provides guidance to the program’s team of tutors.

The Boys & Girls Clubs of Lanier programs team works to drive staff performance through the identification of instructional needs, defining targeted interventions, and implementing appropriate professional learning opportunities. As in previous years, professional learning opportunities were offered throughout the academic school year. The Positive Place Club 2 program staff participated in regular weekly meetings to discuss issues, concerns, plans, procedures, policies, and professional development needs as they arose. Additionally, contracted tutors/enrichment providers met monthly for the same purpose. The Program Director and Curriculum Specialist attended the 21<sup>st</sup> CCLC Regional Brown Bag sessions with select professional development topics presented by DOE staff and/or contractors. In the wake of COVID-19, Club staff were provided additional opportunities for distance learning to prepare Club staff for virtual program facilitation.

*Table D describes professional learning provided for all staff.*

**Table D. Positive Place Club 2 Success Academy –Staff Professional Learning**

<b>Training Name</b>	<b>Positions required</b>	<b>Training Hours</b>
Classroom Management	YDPs, Unit Director, Tutors	6
Program Facilitation – Triple Play, Passport to Manhood, Power Hour, SMART Programs, etc.	YDPs, Unit Director	6
Positive Discipline	YDPs & Unit Directors	4
Data Collection and Management	Data Clerk, Unit Director	2

Director Training – NYOI, Management, Quality Programming, etc.	Unit Director	4
New Hire Orientation	All New Staff	2
BGC Lanier – General Training-Policies, Procedures, Practices	All Staff	8
Virtual Programs (program-specific, facilitation, classroom management, safety during COVID-19, mental health for staff, kids, and families, policies and procedures, video-conferencing platforms, etc.)	All Staff – YDP, Tutors, Unit Director, Curriculum Specialist, Parent Coordinator, Data Clerk, Program Director	110 (from Mar 13-May 22)

**Objective Assessment**

Objective assessment occurred through a variety of analyses as defined in the Nita M. Lowey 21<sup>st</sup> Century Community Learning Centers grant application. A summary table, E, provides a quick review of annual progress on the defined objectives of the program with a descriptive analysis following.

**Table E. Regularly Attending Students – Objective Assessment**

<b>Objective Assessment</b>	
<b>Objective</b>	<b>Status</b>
Objective 1.1: 60% of students participating in the program will improve their reading performance, as indicated by appropriate universal screeners.	<b>Not Assessed</b>
Objective 1.2: 60% of students participating in the program will improve their mathematics performance, as indicated by appropriate universal screeners.	<b>Not Assessed</b>
Objective 1.3: 65% of participants will demonstrate improvement in homework completion, as indicated by teacher surveys.	<b>Not Assessed</b>
Objective 2.1: 65% of students participating in the program will demonstrate improvement in classroom behavior, as indicated by teacher surveys.	<b>Not Assessed</b>
Objective 2.2: 65% of students participating in the program will demonstrate improvement in class attendance and participation, as indicated by the day teacher surveys.	<b>Not Assessed</b>
Objective 3.1: 50% of the parents/guardians will participate in two or more family literacy and education activities.	<b>Not Met</b>
Objective 3.2: 50% of parents/guardians will demonstrate increased involvement and communication their child’s teacher and/or school staff by the end of the school year.	<b>Not Met</b>

Objective 1.1: **Not Assessed**

60% of students participating in the program will improve their reading performance, as indicated by appropriate universal screeners.

**This objective was not assessed due to the early school closures resulting from the COVID-19 pandemic. Post-assessment screeners were not available for review.**

Objective 1.2: **Not Assessed**

60% of students participating in the program will improve their mathematics performance, as indicated by appropriate universal screeners.

**This objective was not assessed due to the early school closures resulting from the COVID-19 pandemic. Post-assessment screeners were not available for review.**

Objective 1.3: **Not Assessed**

65% of students participating in the program will demonstrate improvement in homework completion to frequently, as indicated by the day teacher surveys.

**This objective was not assessed because the program was unable to survey teachers following early school closures.**

.

Objective 2.1: **Not Assessed**

65% of students participating in the program will demonstrate improvement in classroom behavior, as indicated by teacher surveys.

**This objective was not assessed because the program was unable to survey teachers following early school closures.**

Objective 2.2: **Not Assessed**

65% of students participating in the program will demonstrate improvement in class attendance and participation, as indicated by the day teacher surveys.

**This objective was not assessed because the program was unable to survey teachers following early school closures.**

Objective 3.1: **Not Met**

50% of the parents/guardians will participate in two or more family literacy/education activities.

**A review of parent activity attendance indicates that only 23% of parents/guardians attended at least two parent activities related to literacy and/or education.**

Objective 3.2: **Not Met**

50% of the parents/guardians will demonstrate increased involvement and communication with their child's teacher and/or school staff by the end of the school year.

**A review of parent activity attendance indicates that only 13% of parents/guardians demonstrated increased involvement/communication with school staff through Club and school collaborative programs participation and repeat parent/teacher communication.**

### **Other Observations**

The Positive Place Club 2 Success Academy program of the Boys & Girls Clubs of Lanier includes a schedule of tutoring and enrichment activities that support student enthusiasm and participation. The program offered opportunities for participants to receive additional instruction in the areas of reading and mathematics; experience art, keyboarding, yoga and culinary arts; and develop friendships and relationships in a welcoming and nurturing environment. Parents were offered a multitude of opportunities to participate and engage with their children and school personnel, as well. Parents were supported in English language acquisition, how to support their child's learning at home, parenting, technology use, etc. The BGCL Youth Development Professionals (YDPs) at the Positive Place Club 2 program is composed of young women and men who aim to make the child's Club (afterschool and summer) experience safer and more fulfilling. The instructional staff works to remediate as well as enrich the reading and mathematics competency of the participants after teaching during the regular school day. The administrative staff works successfully with YDPs, certified staff, volunteers, and parents to monitor and maintain the program. They work with the community and volunteers to enrich the program and creatively implement strategies designed to boost the experience of the participating students and their families.

## Progress toward Sustainability

The Positive Place Club 2 Success Academy program of the Boys & Girls Clubs of Lanier has established partnerships with various community agencies and businesses. These partnerships have resulted in enrichment services, program supplies for members and parent resources. Partner type and program contributions are represented in Table F.

**Table F. Partnerships Supporting Sustainability**

12stone Church	Goods/Services	\$ 4,000.00
Janay Wilmont	Goods/Materials	\$ 50.00
Junior League	Goods/Services	\$ 350.00
North GA Medical Center	Goods/Materials	\$ 100.00
		<b>\$ 4,500.00</b>

When funding is no longer available, the Boys & Girls Clubs of Lanier will continue to collaborate with local organizations, as well as, pursue new grants and local funding to maintain the program. The advisory team will seek support from community and faith-based organizations to provide volunteers and support. Program design has allowed for continued program operation at reduced costs. Updated program materials including software, manipulatives, curriculum, and other resources will be acquired, and innovative professional development opportunities will continue to be provided to the Club staff. However, without the opportunity of the 21<sup>st</sup> CCLC grant, the program would be minimized significantly in its service to students and the community.

## Overall Recommendations

The 2019 -2020 implementation of the Positive Place Club 2 Success Academy program leaves room for improvement as the program progresses through its current grant cycle. Academic objectives were not able to be assessed using identified universal screener data, and report card grades were not properly maintained in the Cayen data management system through the academic year, to provide a qualitative review of report cards scores and academic progress. Although many parents/guardians attended a literacy or education activity at the Club, less than half attended more than one activity of either sort.

In order to experience success in future program years, the following recommendations should be considered:

- Review evaluation and data plan with local school district to determine the appropriate assessment points for the 2020-2021 school year, and execute program and academic revisions as appropriate.
- Appoint one Club staff to gather, review, and assessment all necessary data points. Identify key local school district personnel to act as a 21st Century liaison to be responsible for securing and providing school base data (i.e. report card grades, midterm assessments, IEPs, teacher surveys, teacher communication forms) that will guide and inform the academic enrichment programs.
- Utilize timely academic progress data to align instruction to those students needing the greatest supports.
- Develop a plan for entering data (other than attendance into Cayen on a timely basis).
- Implement additional staff professional development supports relating to family engagement, and positive discipline.
- Collaborate with school and/or district administration to offer more literacy/education-based parent activities, more frequently.

Respectfully submitted,  
Michael Bush
